A Message From Our Library Director: Ricardo Pino

I have always taken as a self-evident truth that all of us belong to various teams with names like *family, workplace, community*. Teammates may not always agree, but a good team is defined by its ability to accept disparate points of view and yet still move effectively forward towards an end goal.

In the month since we have reopened our doors to the public, you, the Wayne community, have exemplified what it means to be great teammates with the Wayne Public Library. As the library has worked to establish the right balance between public health and safety and restoration of services, you as a whole have matched us step for step.

I am exceedingly proud of the fact that we were one of the first libraries to reopen our doors to the public, one of the largest to do so, and with the restoration to varying degrees of almost all of our services, which is not the case with many other libraries that are also open. This is only possible because of the cooperation, patience, and spirit of camaraderie between our community and our staff, and I am grateful for how Wayne as a whole has achieved this.

The Library’s own, internal team has gone through major changes in the last (4) months. In that time, we have had (5) staff members retire after decades of collective service. Gay, Pat Z., Pat P., Linda, and Sue — part of me feels cheated that I won’t get to work with you on a longer-term basis, and have you put me through my paces, but you deserve all the happiness and time that your service has afforded you.

While our team will look different when you come in our doors, those that are still here are pulling together to make sure we carry on the legacy of great service. We also have a new teammate, Carol Chase, who has joined us as a full-time Librarian, after many years of working as a substitute and part-timer. Welcome aboard, Carol!

Again, thank you to all of the teams and teammates that make up our Wayne library community, and make it an example of what can be achieved when we work together!

Mission Statement

The Wayne Public Library is committed to providing outstanding materials, access and services that assist the individuals' quest for knowledge and provides for an informed citizenry in a democratic society. It serves the life-long informational, educational, cultural and recreational needs of the community.

The Friends' Room of the Wayne Public Library is only open when there are volunteers available to help staff it. Donations are not accepted at this time.

Important Notice
The Book Drop is **only** for Borrowed Library Materials. Please **DO NOT bring** Donations to the Book Drop, or leave them outside at the back of the library.

Contactless Curbside Delivery

At this time, only Wayne library cardholders are able to reserve materials through our online catalog at: www.palsplus.org or by calling our main line: 973-694-4272 ext. 5210 or ext. 5211.

Due to the uncertainty of when statewide interlibrary loan delivery services will resume, only materials currently available at the Wayne Public Library will be available to be reserved.

Library staff will prepare items for pick up; when they are ready, we'll give you a call to arrange for pick up date and time during open business hours, Monday-Friday.

Please let us know if you will be picking up the items yourself, or if you are designating someone else to pick up materials for you.

When you arrive at the Library, please park at one of the three "Library Curbside Pickup" designated spaces in front of the library. Give us a call at 973-694-4272 ext. 5210 or ext. 5211 to let us know you are here, and the make, model, and color of your vehicle.

When Library staff come out to deliver to your vehicles, please have your license or library card ready to show the staff member by putting it up to your window. If you have been designated to pick up for someone else, please present a form of ID. After that, just pop your trunk and staff will place your materials in your car for you to enjoy!

WAYNE LIVING HISTORY PROJECT

Wayne Township's "Stay At Home" Stories -
A Mixed Media Archive of 2020 in the Township of Wayne

The first seven months of 2020 have seen the confluence of national and global events that have impacted us all in the most personal of ways.

We are interested in documenting the history of these turbulent times from the perspective of Wayne Township residents, community organizations and businesses; each are invited to record their stories as a way to document this unprecedented time.

Responses can be submitted in any format: short stories, journal entries, photographs, a photo of artwork, recipes of meals you cooked, or video recordings about your experiences.

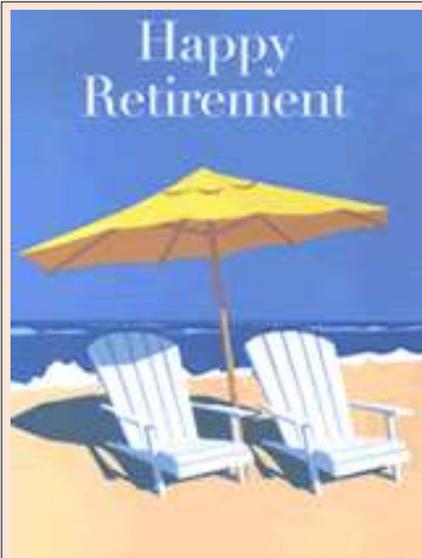

All submissions except for videos may be attached to our form (link below), and will be added to the library's Local History Collection.

Please keep videos to under 5 minutes and include only your first name in the video.

Information on how to submit your videos will be emailed once you submit the form. All video projects will be uploaded on the library's YouTube channel. Please keep content appropriate for public consumption and in line with the Library's Code of Conduct. We look forward to bearing witness to your living history, and preserving it so future generations can see your truth.

Tell us about some of your "stay at home" experiences:

- What are some of the things you did during the pandemic?
- Did you do anything you now cherish because you may not have had the time to do it before?
- Did you create anything during the pandemic?
- How did you keep connected with your family? Your community?
- Were you an essential worker? Please tell us about your experiences.
- Did you fully quarantine? Please tell us about your experience.
- Did you celebrate a special event (birthday, anniversary, graduation) during the pandemic?
- Did you homeschool? Students, parents, or teachers, please tell us about your experiences.

Wayne Public Library Staff Retirement in 2020

The year 2020 at the Wayne Public Library will not be remembered only for COVID-19, it will also be celebrated for the promotion to retirement stage of our coworkers:

Gay Humphreys (Technical Services dept.)
Pat Padden (Reference dept.)
Pat Zerbe (Reference dept.)
Linda Lawrence (Children's dept.)
Sue Gabriel (Technical Services and Circulation depts.)

Among the five of them, they've notched up 149 years of productive and memorable service at the Wayne Public Library. Congratulations! Now you're your own boss. Cheers to a happy and healthy retirement.

REOPENING INFORMATION

The Wayne Public Library (WPL) embraces the responsibility of providing library services to the public while supporting the health and safety of our service community and staff.

As the State of New Jersey continues in its reopening in response to the lockdown necessitated by the Covid-19 global pandemic, the WPL Board of Trustees has approved modifications to its existing policies and procedures to ensure a measured, thoughtful, and safe reintroduction of in-person services.

The below modifications supersede any previously adopted policies or practices. These modifications will be periodically reviewed by WPL and updated in response to changing conditions. When they are updated, the modifications will be posted on our digital platforms as well as in our facility. Modifications will be made at the direction of the Library Board of Trustees, at the discretion of the Library Director, or in response to a mandate, order, or recommendation from a superseding authority.

The adopted modifications are as follows:

1. WPL will be open to the public during the following hours, starting July 8, 2020: Monday through Friday, 9:00 AM to 5:00 PM, and Saturdays 10:00 AM through 5:00 PM. On Tuesdays, WPL will be open from 9:00 AM until 9:00 PM.
2. Building occupancy will be limited to 100 people at any one given time. That count will include library staff.
3. All members of the public will be required to wear a face covering over their nose and mouth during the entirety of their stay in the building. Children under the age of 2, and those for whom doing so would inhibit their medical health, are exempt.
4. A minimum of six (6) feet must be maintained between individuals who are not of the same household (“social distancing”). As a guide, the combined width of two standard library shelves equals 6 feet.
5. Children under the age of 13 must be accompanied by a guardian or parent while in the building.
6. Public computer sessions will be limited to one (1) hour a day.
7. Curbside pick-up of materials by appointment will continue to be offered to Wayne cardholders only.
8. Due to the current lack of statewide interlibrary loan delivery services, requests for materials not owned by a PALS Plus library cannot be placed. Requests for items owned by PALS Plus libraries can be placed and picked up at the owning library. Delivery between PALS Plus libraries cannot be guaranteed.
9. Any and all materials returned in the months of July and August 2020 will have late fees waived.
10. Returned items will be quarantined for three days, during which time they will remain on the patron’s record. Books on the district’s Summer Reading list books will be in quarantine for two days, with additional disinfection procedures performed to make them available sooner.
11. In-house programming will be suspended until further notice.
12. Only one (1) Quiet Study Room will be accessible and available to the public, with a maximum of two (2) people allowed in the room at any given time, and for a maximum of two (2) hours. Identification will be held at the Reference Desk for the duration of the session, and returned upon the end of room usage. The room will be disinfected between reservations. The room cannot be used until after disinfection.
13. Meetings Room A and B will be available for meetings starting July 15, 2020, only as a combined room during the library’s modified operating hours, with a maximum of fifteen (15) occupants at any one time, and for a maximum of two (2) hours. Identification will be held at the Circulation Desk for the duration of the session, and returned upon the end of room usage. The room will be disinfected between reservations. The room cannot be used until after disinfection.
14. Subscriptions to print versions of daily newspapers have been suspended until further notice.
15. Public restrooms will be limited to one (1) person, or members of one household, at a time.

Monday, August 10th @ 5:30 PM

Monday, August 24th @ 5:15 PM

Some tips:

~Wear good supportive athletic shoes.

~Have water on hand.

~Hardwood is best, tile is ok, carpet is not preferred.

~Login 5 minutes prior to the start of class to iron out any technology issues. (If you login late, you might have to wait in the virtual waiting room until the song ends).

~Mute yourself when class starts to prevent distractions for others.

~Feel free to turn off your video feed if you don't want to be seen.

~If there is a lag, close all other applications and, if possible, make sure you are the only one on your wi-fi. Sometimes it also helps to log out and re-enter the session.

My Kicks: A Sneaker Story by Susan Verde, illustrated by Katie Kath

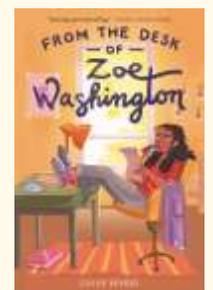

Author Susan Verde celebrates the love children have for their favorite footwear in this exuberant picture book, beautifully illustrated by Katie Kath. After his mom tells him it's time for a new pair of sneakers, a young boy reminisces about all the fun adventures he had wearing his favorite, well-worn pair. Can a new pair of kicks ever measure up to the old ones? Check out the read-along version of this winning picture book. Available through Hoopla (kids).

Separate is Never Equal: Sylvia Mendez and Her Family's Fight for Desegregation by Duncan Tonatiuh
This nonfiction picture book recounts the story of Sylvia Mendez, a girl of Puerto Rican and Mexican descent who, at age 8, was denied entry into a "Whites-only" school in California in 1946. Sylvia and her family fought this injustice, organizing their community and taking the school board to court. The landmark case Mendez vs. Westminster ended segregation in California schools, ten years before Brown vs. Board of Education. Using his signature style, author and illustrator Tonatiuh sheds light on this important historical event and shows the power a girl, her family and her community can have in coming together to fight racism and oppression, while demanding equal rights. Available through Hoopla and the Wayne Children's nonfiction collection.

From the Desk of Zoe Washington by Janae Marks

In this new middle grade novel, Zoe Washington receives a letter on her twelfth birthday from her father, who she never met. Her father is in jail for a crime he tells Zoe he never committed. It is up to Zoe to investigate the circumstances of her father's imprisonment, while also keeping what she is doing a secret from her family. In the meantime, Zoe is working in a bakery and preparing to compete on a kid's baking contest television show. Marks's debut novel doesn't shy away from important issues including racial profiling and discrimination, introducing these topics in a way that will get middle grade readers thinking. Marks is definitely an author to watch and this #OwnVoices novel is a must-read for readers of all ages. Available through Hoopla (eBook & eAudiobook, and the Wayne Children's new fiction collection).

The World's First Fully Painted Feature Film; nominated for Best Animated Feature (90th Academy Awards)

Loving Vincent is an experimental animated biographical drama film about the life of the painter Vincent van Gogh, and, in particular, about the circumstances of his death. The film is a Polish-UK co-production, funded by the Polish Film Institute, and partially through a Kickstarter campaign. Each of the film's 65,000 frames is an oil painting on canvas, created using the same techniques as Van Gogh by a team of 125 artists drawn from around the globe.

Production for the film began with a live-action cast filming against a green screen. After filming, the editors composited Van Gogh paintings into scene backgrounds, and finally cut the movie together as usual. However, once the actual film was complete, they shot each individual frame onto a blank canvas, and artists painted over each image.

Loving Vincent: The Impossible Dream recalls a 10-year journey that brought the world's first fully painted feature film to the cinema screen. The potential for a truly groundbreaking yet completely unseen project seemed like a huge risk, but when in the hands of two passionate writers, filmmakers and directors (Dorota Kobiela and Hugh Welchman) willing to risk everything to make their impossible dream come true, nothing could stand in their way.

Magic, mystery and murder describe the 2006 film *The Illusionist*. This film starring Edward Norton, Jessica Biel, Paul Giamatti and Rufus Sewell takes place in the early 1900s Vienna. Following the story of Eisenheim (Norton) and his rise in fame as an illusionist, and how he reunites with his childhood love Duchess Sophie (Biel). All the while trying to evade and outwit Crown Prince Leopold (Sewell) and Chief Inspector Uhl (Giamatti). This film kept me guessing until the very end and just when you think you have discovered what happens something changes. If you are interested in magic and mystery take a step back in time and see if you are watching close enough to figure out the trick. It is available on hoopla or borrowed from the Wayne DVD collection.

House of Cards trilogy

For fans of the 2013 Netflix series *House of Cards* starring Robin Wright that takes place in the United States, did you know that it is originally based on a book trilogy by British politician and author Michael Dobbs? The first book is House of Cards, followed by To Play the King and lastly The Final Cut. These political thrillers were first adapted by Andrew Davies for BBC television starring Ian Richardson as Francis Urquhart — while I appreciate the US version, the original UK version is still my favorite. All three titles are available as **eBooks**, and all three **TV series** are available to stream (four episodes per series).

To whet your appetite for the book and TV series, here is a synopsis of the first in the series; (I refrain from providing further plot lines so as to not to give too much away!):

House of Cards is a delicious tale of greed, corruption and burning ambition. At its heart is Francis Urquhart, a black-hearted villain with a smiling face, who shares with the viewers his estranged humor and innermost thoughts to destroy each of his political rivals. One by one his opponents tumble, until at last there is just one wild card left in the pack.

Before I Called You Mine tells the story of first grade teacher, Lauren Bailey, who chooses international adoption as her path to motherhood. Having agreed to stay single so that she can provide her future child with a stable home, Lauren fights her growing attraction to Joshua the new substitute teacher.

Author Nicole Deese is able to create a story with a perfect blend of romance, faith and humor. I don't often read Christian fiction but this book pulled me in from the very first page. I highly recommend it.

or the approximate wording of the famous *Jaws* theme. In honor of Discovery's upcoming Shark Week (August 9-16), *Jaws* was the film that began my interest in sharks and made me want to know more. This classic brings viewers to Amity Island whose waters are being stalked by a killer shark. Already seen it? Check out the sequel *Jaws 2* which takes us back to Amity a few years after the first film. Already seen them both, then be sure to tune into shark week and learn the true facts behind the starring character from the films. Both films are available in the Wayne DVD collection.

Also check out the novel of the same name by Peter Benchley (available in the Wayne book and audiobook collections, as well as on hoopla as an eAudiobook). Interested in the history and inspiration behind the novel and movie, check out *Twelve Days of Terror* by Richard Fernicola, which goes into detail of the 1916 Jersey Shore shark attacks. (Available in the Wayne non-fiction book collection).
